RSSB Report

We designed a visually engaging and data-rich report for RSSB that transforms complex information into clear, accessible insights.

Through thoughtful layout and advanced data visualization, the report communicates key metrics and impact stories in a compelling and easy-to-digest format—making data not just informative, but visually impactful.

Miss RSW

We created vibrant and eye-catching social media graphics for Miss RSW that captured the spirit and elegance of the event.

Each design was tailored to highlight contestants, key moments, and announcements, using bold visuals, consistent branding, and engaging layouts to drive excitement and audience interaction across platforms.

GEK LTD

We crafted a bold and modern brand design for GEK that reflects its innovative and forward-thinking identity.

From the logo and color palette to typography and brand elements, every detail was designed to convey professionalism, trust, and a strong visual presence across all platforms.

IMAARA

We developed a clean and sophisticated brand design for Imaara, blending elegance with modern simplicity.

The visual identity reflects the brand's values of quality, trust, and growth—featuring a timeless logo, refined color palette, and cohesive design elements that create a strong, memorable presence across print and digital platforms.

TEMBO TOURS AND TRAVEL

We designed a distinctive logo for Tembo Tours & Travel featuring an elegant elephant icon—symbolizing strength, wisdom, and the spirit of adventure.

The logo reflects the brand's African roots and its commitment to delivering meaningful and memorable travel experiences. Paired with a warm, earthy color palette and clean typography, the visual identity stands out as both professional and inviting.

AGRA

We designed the AGRA Report on the review of policies affecting women in agriculture with a focus on clarity, inclusiveness, and visual impact.

The report highlights key policy barriers and opportunities that influence women's participation and empowerment in the agricultural sector. Through thoughtful layout and powerful data visualization, the report brings complex policy analysis to life

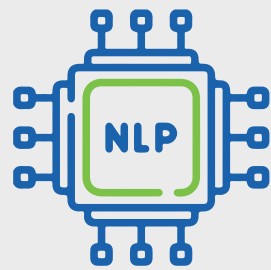

EAC

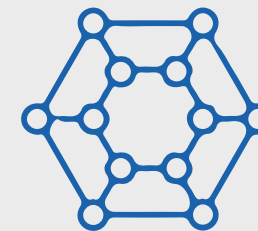

We designed the EAC Statistics Booklet to present regional data in a visually engaging and easy-to-navigate format. With clean layouts, vibrant infographics, and well-organized sections, the booklet transforms key statistics into digestible insights—highlighting economic, social, and development indicators across East African Community member states.

The design supports informed decision-making by making complex data accessible to policymakers, researchers, and the public.
